

DAVID HARVEY

 KANSAS SENATE

“Growing up in Johnson County, I benefited from a vibrant community, a sound economy and an outstanding public education. For our children to enjoy a similar quality of life, we must address the key issues our state is facing. Unfortunately, politics-as-usual has been creating more problems than solutions and new leadership is needed now more than ever.

As your state Senator, I will use my business and financial experience to bring a fresh perspective and innovative solutions to state government. I ask for your vote on August 3rd.”
